Hamilton's alumni center has been recently renamed in honor of Joe and Molly Anderson for their 18 years of service and dedication to the College. Formerly the Clancy D. Connell Alumni Center, the Anderson/Connell Alumni Center was officially dedicated on June 5 at a ceremony in which Molly and Joe cut the ribbon at the entrance of the building.

Joe Anderson '44, who officially retired July 1, 1992, was Hamilton's Vice President for Communications and Development for 18 years. From "Priorities for Hamilton" to the "Campaign for the '90s," he has been the driving force behind the College's remarkable progress. The fruits of his dedicated and tireless labors on Hamilton's behalf can be seen not only in the financial statistics but also in the campus facilities, both new and renovated. During his tenure, Hamilton has raised over 100 million dollars, adding to an endowment that is the rival of small, private colleges across the country. Among the many improvements to Hamilton's campus athletic facilities alone are the Margaret Bundy Scott Fieldhouse constructed in 1978, the William D. Love Field in the Fall of 1986, and the William M. Bristol, Jr. Swimming Pool in 1988. Projects most recently begun are the construction of the Walter J. Beineke Student Activities Village and the new Fitness Center in the Field House.

A less visible but vital result of his fund-raising efforts is the exceptional quality of the College's academic and extracurricular programs, which have greatly strengthened Hamilton's competitive position and assured its continuing place among the finest liberal arts colleges in the nation.

President Harry C. Payne

17th President of Hamilton College

May 24th, 1992

Dear Class of 1992,

Writing this letter has a special poignancy for me. You arrived at the same time I did, so somehow it seems especially hard to conceive that you are now leaving. I plan to stick around a while; I think I still have more to learn. But I send you out into the "real world" with great confidence.

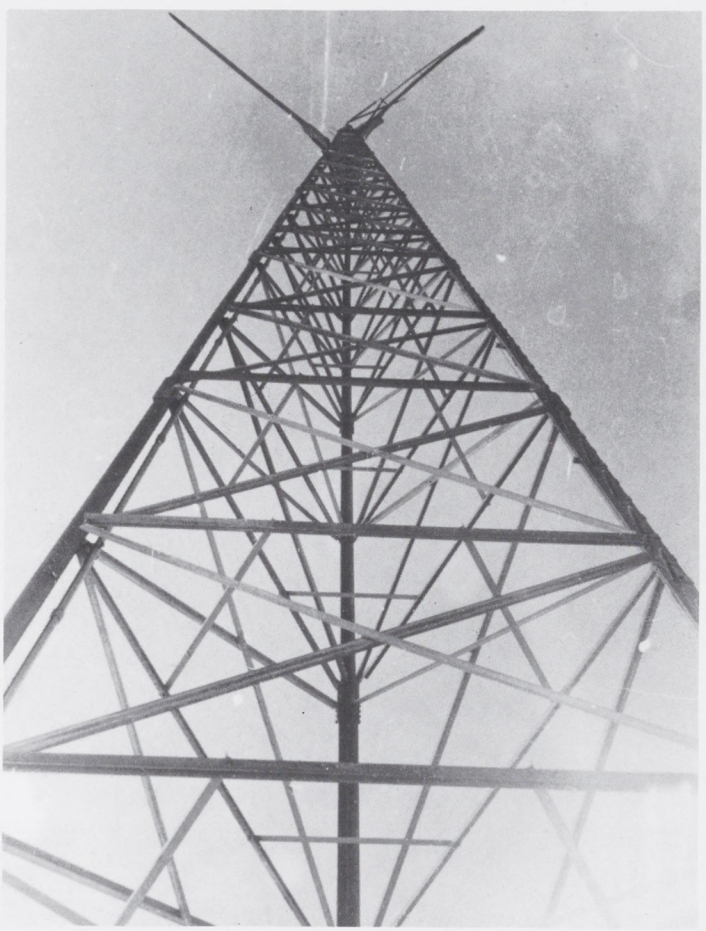
You have had a special impact on the College. You have set high standards for all those who come after in your leadership, in your class spirit, in your commitment to volunteer activities, in the quality of the organizations and media you led, and in the constructive engagement you undertook with College issues. I will miss you, but I look forward to your many returns to the campus over the years.

All the best,

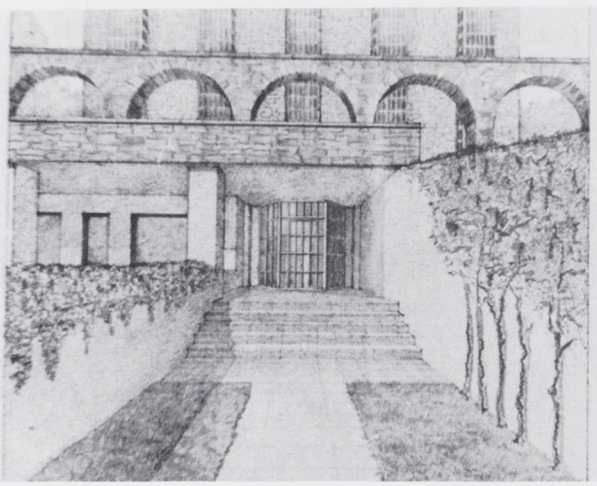
What You May Have Missed... 1991-1992

Bundy burned, leaving a great number of Delta Phi brothers to be placed elsewhere while the clean-up took place. Dodd Kittlesy '94 was the hardest hit; the fire started in his room.

A windmill was constructed behind Babbitt Residence hall. The windmill, when fully functioning, will be able to produce up to 15% of Babbitt's electricity. Problems have plagued the project; seldom did the windmill run for more than two days at a time.

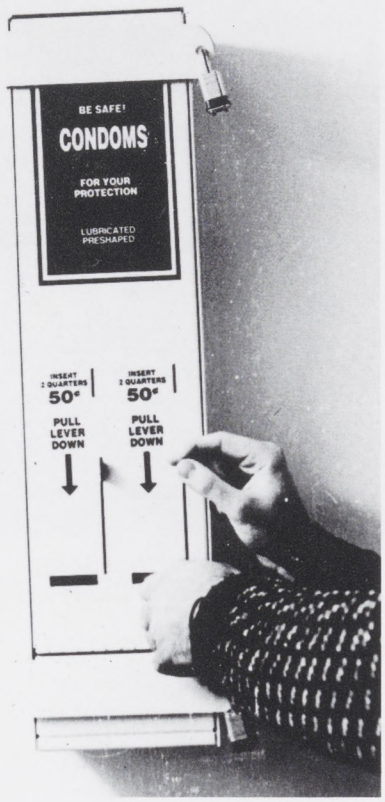


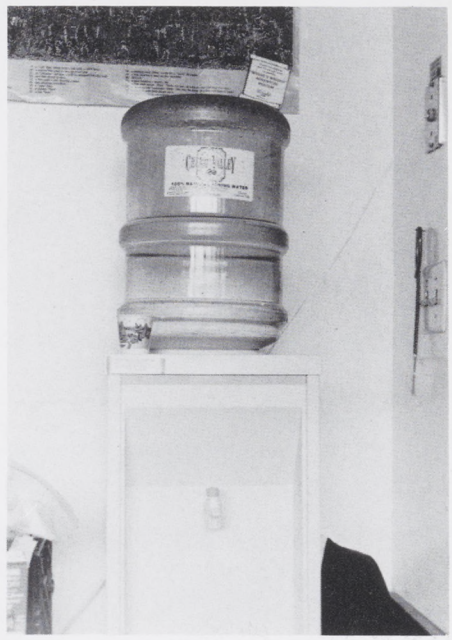
Construction of the Beineke student village began as well as some renovations and remodelling projects at Bristol. The final plans are shown below.



J. P. Plumez and Brian Glaser have vowed not to miss a thing while at Hamilton and have even volunteered to do the Wag next year.

We hope you didn't miss chicken wings from Roma's.

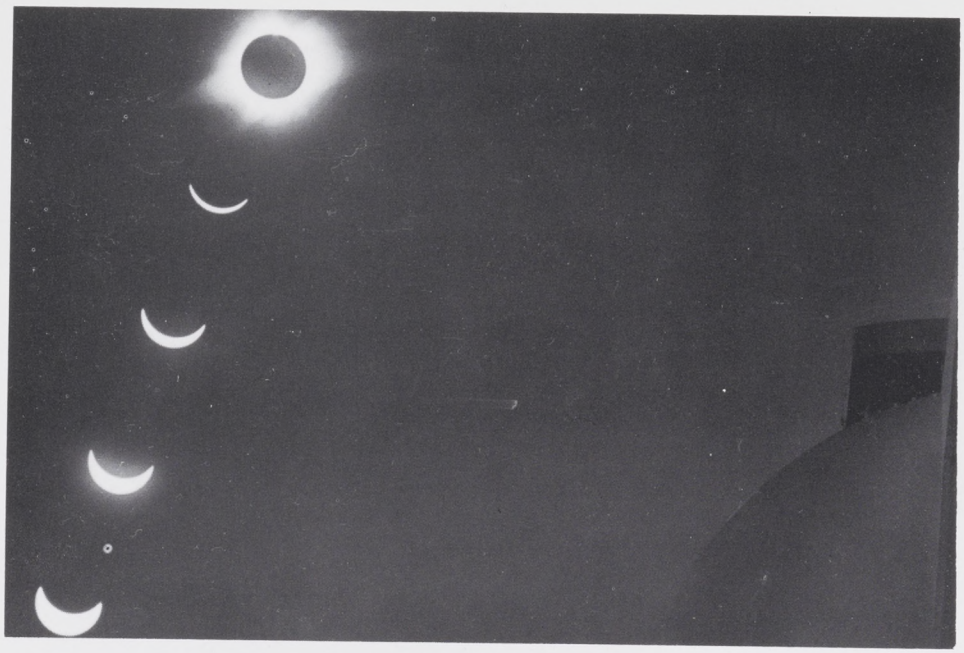




Fresh water coolers and condom dispensers in dorms surprised even A.J.

Recycling containers were seen all over campus as Steedman Bass ('91) initiated an energy conservation scholarship.

*Phyllis Schlafly was brought **back** to campus to share her anti-feminist, anti-liberal, heterosexist views and to give our campus a true taste of conservatism.*

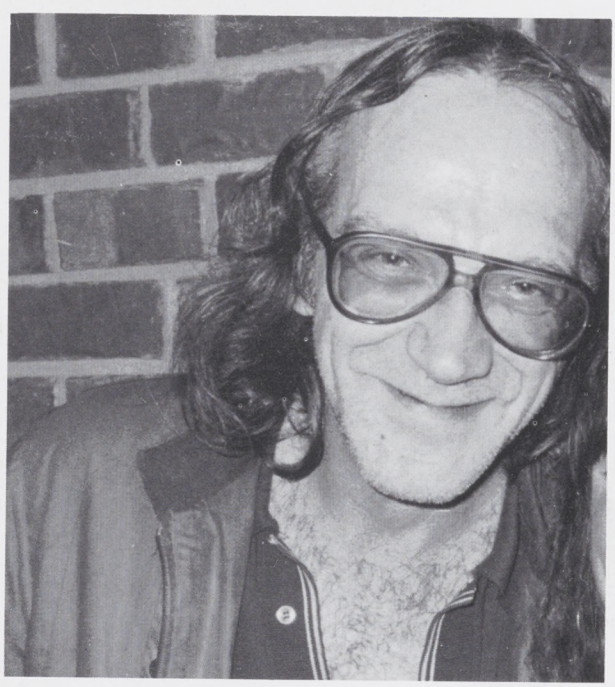


Did you miss the eclipse?
So did we.

Santa knows who's been naughty and nice (he looks out his window early Saturday mornings).

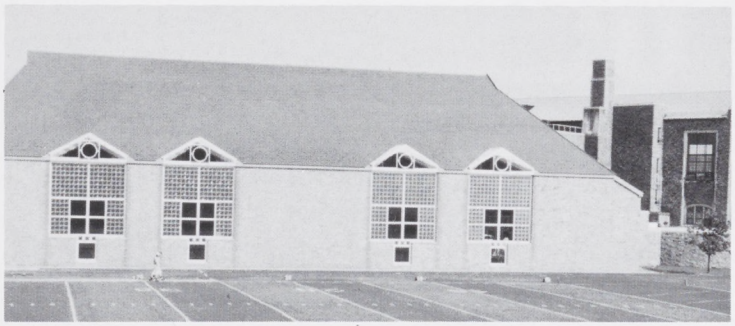
Hamilton Basketball--pre-late night entertainment. Don Gepiel (left) and Fran D'Agata ('95) (right).

The second annual cheesecake competition was held in April, starting a thriving new tradition at the college.

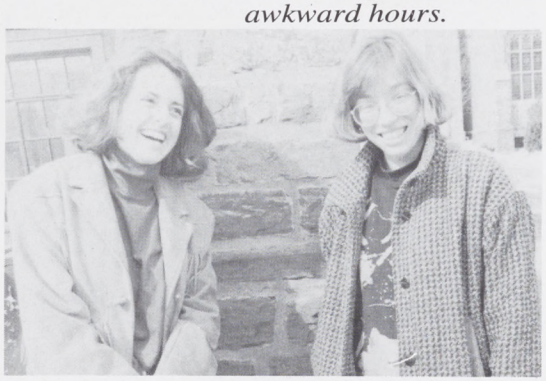


Rocket Rod jumped from Vinnie's to Alexander's Cafe in 1989, but has continued to enrich all of our college experiences by once again returning to Vinnie's.

Jazz greats, such as Milt Hinton, came to Hamilton, drawing large crowds, and inspired us all.

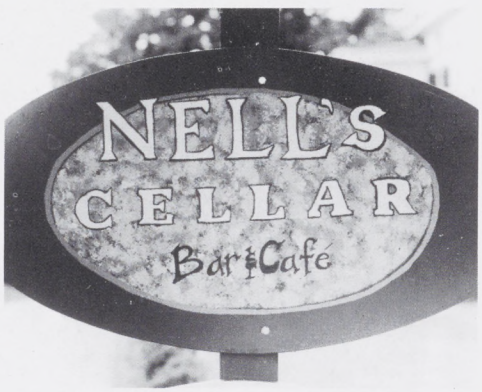


The Bristol Pool provides us with enjoyable swimming, if we can go during the limited and awkward hours.



Jessica Clarke and Michelle Meade earned honors for Hamilton by winning Watson fellowships for studies in the coming year.

Mountain biking may be a rage, but in the snow?!



The battle of the bars continues with Nell's Cellar adding fuel to the competition between the Rok and the Village Tavern. The Garden Cafe was in the running, but we all known it works best when they're all lined up in a row.

50 years of WHCL 88.7. New General Manager Steve Reynolds ('93) is ready to relocate the station.

A wake-up call we've all unfortunately not missed.

A local highlight - the cider mill.

Trust Treat became the senior gift from the class of '92.

Speetater.

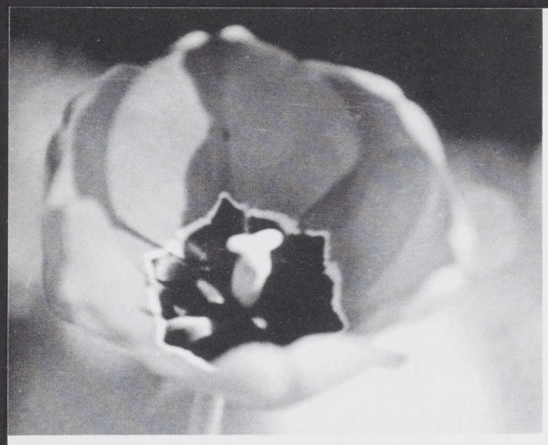
The housing lottery - a thing you enjoy missing!

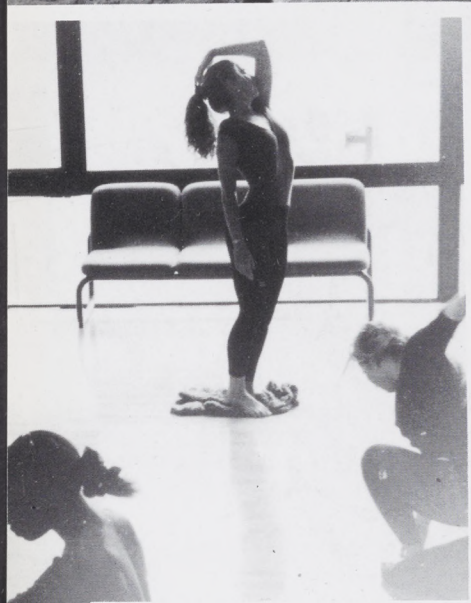
Winter in the Glen.

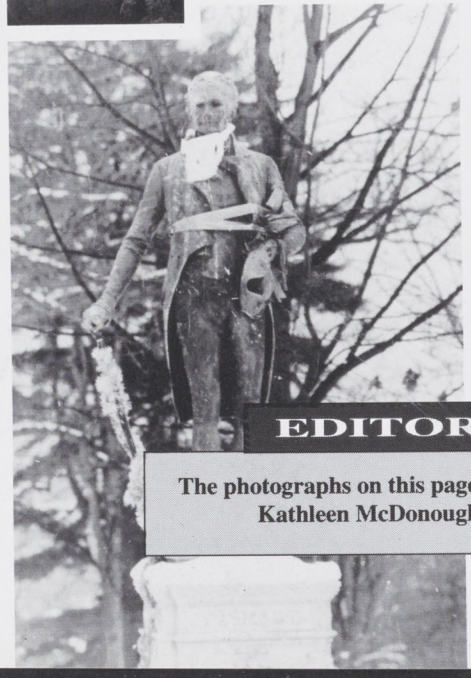
You may have missed your chance to hot wire the photo-copier!

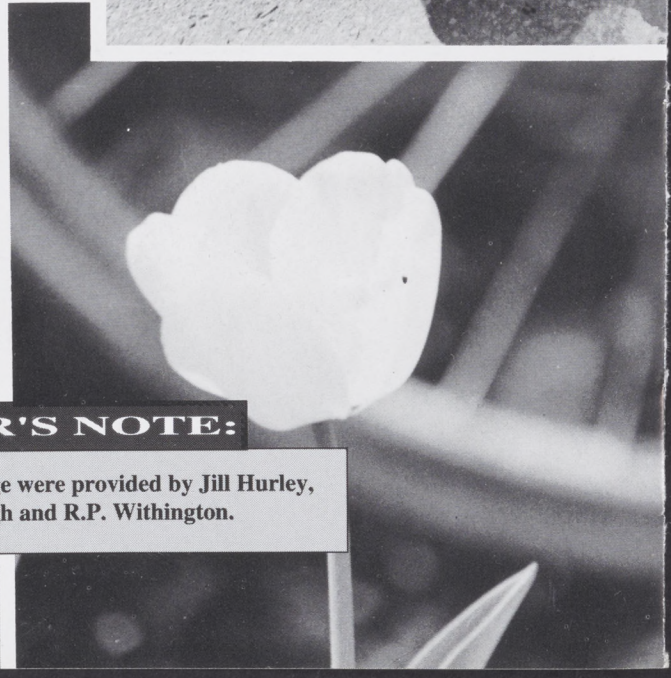
*Where **does** Phyllis get her hair done?*

Tray-sledding, to the Glen what skiing is to the Alps.









EDITOR'S NOTE:

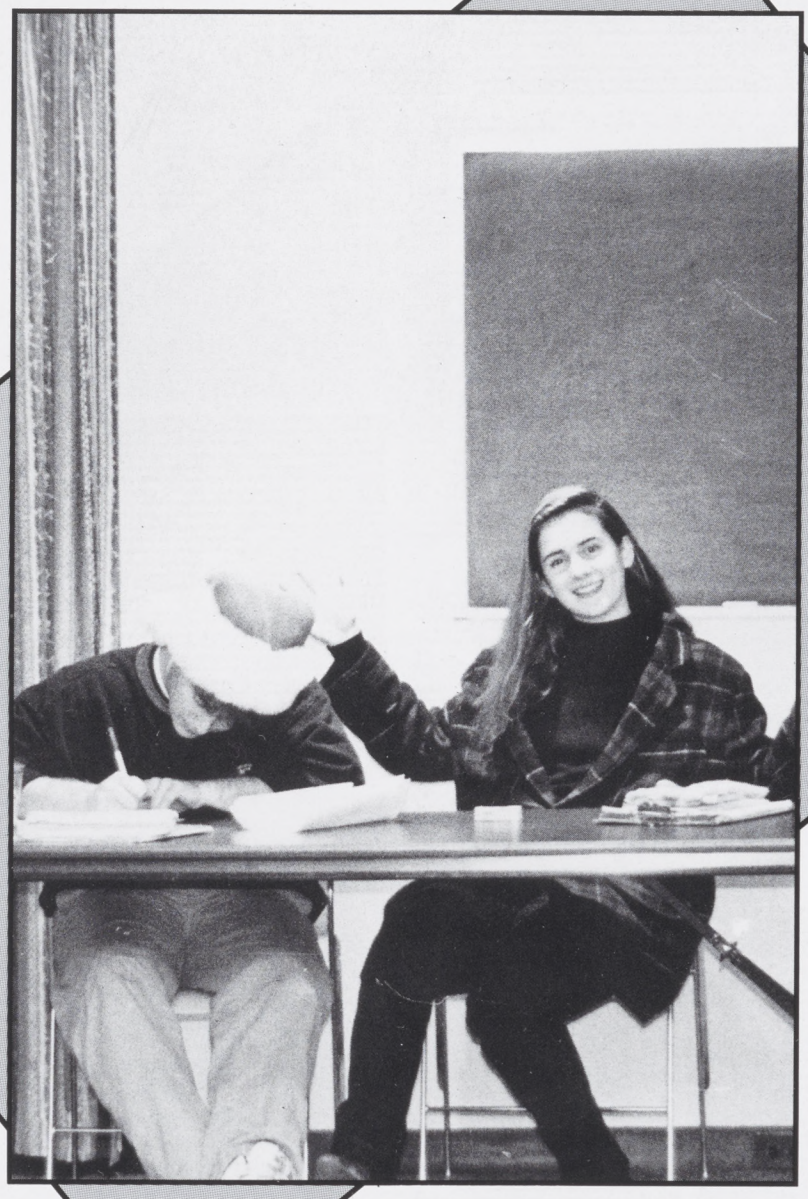
Apologies to those members of the faculty, staff and administration who did not end up getting their picture in the yearbook this year. Due to lack of communication, problems with print developing and time constraints we were unable to get everyone in. Thank you for being cooperative regardless. Maybe next year?!?!!

Organizations



Together, Side By Side

CENTRAL COUNCIL

The Central Council is composed of representatives from each class, a class president, and a class secretary/treasurer, as well as representatives from each of the five bodies that make up the Student Assembly. The council functions as an overseer to these groups and acts as a liaison between the five branches, the student body and the administration of the college. This year, the Assembly worked to have student course evaluations reinstated, and had a successful Adler Conference and Winter Carnival.

Our tourguides are not given a script from which to read, but for the most part, speak of their own experiences at Hamilton. Tourguides really can influence prospective students and the future of Hamilton.

WHCL

The Class of 1992 has contributed immensely to the flourishing of **WHCL**: 24-hour programming has become a standard as opposed to the sign of a good year. The block format allows certain periods of the day to be designated strictly for particular types of music from progressive to classical. In 1992-93, WHCL will be housed in a brand new studio in Bristol Campus Center. The new studio will be big enough to withstand the unbridled success of Clinton's Number One Radio Station and its growing audience. Together the members of WHCL's Class of '92 have made this success happen. The enthusiasm of the younger classes promises more success in years in come.

BUFFERS

The **Buffers**, Hamilton's oldest acappella singing group, spent this year living, breathing, and expending upon their group motto: EAT. This year, they celebrated their illustrious first annual hex by Hamilton's distinhuished and revered witch coven, always loyal Buffer fans. With hilarious tunes that often possess a degree of social commentary such as "Post Office Princess," "Blue Hex," "Walk of Shame," and the famous "Buffer Rave" (If I were not a Buffer...), the group had another highly successful year. Such success was evidenced in the release of their second album, and first CD, entitled "Sinking to New Depths" — sure to go platinum. When they are not busy fighting off screaming, sex-starved teenage girls, the Buffers enjoy reading feminist poetry whilst enjoying a fine tankard of ale.

Founded by Marie Hemming '90, the choir extends its spiritual inspiration to various churches throughout the Central New York area via on site performances. Though the choir occasionally performs in the chapel for the Protestant Worship sevice, it is most renowned for its annual Gospel Fest to which participants from neighboring schools are invited. The choir is a culturally diverse group whose membership is open to all of the Hamilton community wishing to lift their voices in praises to the Lord.

AMNESTY INTERNATIONAL

Amnesty International is an independent worldwide movement working for the international protection of human rights. It seeks the release of men and women detained anywhere because of their beliefs, color, sex, ethnic origin, language or religious creed, provided they have not used or advocated violence. These are termed prisoners of conscience. It works for fair and prompt trials for all political prisoners and works on behalf of such people detained without charge or trial. It opposes the death penalty and torture or other cruel, inhuman or degrading treatment or punishment of all prisoners without reservation. The Hamilton College chapter of Amnesty International writes letters constantly on behalf of the prisoners of conscience. One of the highlights of the year for the Amensty group this year was the Open Mike that they sponsored. The Open Mike was a great success with the large number of signatures acquired on the petitions on behalf of the prisoners of conscience.

The *1992 Hamiltonian* yearbook Staff attempted to show a different side of Hamilton this year. Instead of Hamilton's standard vinyl yearbook cover, we opted for a lithograph cover. In doing so, we've broken an unspoken tradition of conservative covers and have hoped to brighten the publication. Also, we wanted to print a color senior class photo on the endsheets, but we were foiled by a limited budget (hint). We also wanted a foil hologram on the cover, but were once again robbed of this luxury by a lack of funds (hint-hint). The editors and one faithful senior section editor toiled through the beginning of June to finish this book, and if you don't like it, remember that we were unpaid and unloved and neglected. Also, you had every opportunity to help with this so you have no one to blame but yourself!

The Hamilton Staff would like to thank the following people:

STEVE CHARZUK, for taking awesome sports photos.
HAMILTON'S FACULTY, ADMINISTRATION AND STAFF, for cooperating with our disorganization in taking their photos.
NANCY THOMPSON, for putting up with our sometimes outrageous requests (see blurb, page 61).
JOHN DUNCAN AND BILL CELANO, for being understanding Herff-Jones Representatives.

Editors' Notes:

A few People Jill would like to thank: **Tyrone,** for helping a tremendous amount, putting up with my anxiety attacks and for being a wonderful person; **Molly,** for being there and being incredibly organized; **The people at Fotofair in Utica**, for doing very rapid negative developing and for being so nice; **Steve Reynolds**, summer intern, **Rosella** and **Tyrone**, for helping out in the end (summer) when I was going crazy; **The Spectator**, for the use of some of their photos, although they might not have known it!; **Russ**, for all his help.

A few people Tyrone would like to thank: **Jill,** you kept pulling ahead while I dragged behind; **Pam,** my reality check and best friend; **Mark** (don't forget my room in the spring!) and **Laura** (crash Maider), frollickers extrodinaire; **Cheryl, Hélène,** and **Casey,** additional shoulders to lean on; **Scott** for being a fellow computer center geek (road trip!); **my parents** for being cool and understanding; the **GLBSA** crew, see you next year; and the **staff at ITS**, I'll send post-cards from Brazil!

When I told Bob Latchford in spring of 91 "sure I'll be the Editor of the yearbook", I had NO IDEA what I was getting myself into. I had reasoned that since I could not longer participate in sports due to a knee injury, I would have plenty of time and energy to devote to something. It sounded like fun. I began with much enthusiasm. But as the year progressed I became increasingly aware of the tremendous amount of time and dedication it really did take. It became more of a priority than Organic Chemistry at times and that was when I began to wonder. There were fun times too though and in retrospect I think it was definitely worth it.

I have learned a tremendous amount about the college through the faculty, administration and the students, have practically mastered the MacIntosh and publishing system we used, have had the chance to be creative, learned to be satisfied with myself for doing much work with little recognition, and had some especially fun times (especially with Tyrone- our all-nighters with requests to Dance Tracks Rock 107 and a very nervous woman on the first floor who must have heard the music drift down from the third floor!- our pizza and beer festivities-Tyrone sneaking in the back door-and our rigorous and long-winded debate over whether the Senior Section should be done randlomly or in cliques...We broke the trend!!!) Thank you to everyone for being patient with me and helping out!

-------Jill-------

Colophon:

This 1992 Hamiltonian was produced entirely by computer on a MacIntoch desk-top publishing system, Pagemaster 4.0. It was then printed by Herff Jones Yearbook Company in Gettysberg, Pennsylvania. 1400 copies, each of 200 pages which include a full color signiture were printed and distributed to all students enrolled in the college during the time of production. The cover was planned by Jill and Tyrone and designed by Herff Jones. The colors are steel blue (HJ 818) and Tan (HJ 465) and the prints are Times and Brush Script printed on gloss paper (191).
